## PROFESSIONAL EXPERIENCE

Joined SMIT & FISHER ARCHITECTS in 1989.

Currently resigned but still working on an ad hoc basis. Main areas of responsibility include design, contract documentation, project appraisals and reports. Has been extensively involved in the planning and design of various border control posts. Also special interest in projects for previously disadvantaged communities. Has been responsible for the design and implementation of various such projects, including business development centres for the Kangwane Economic Development Corporation and the Community of Our Elephant Housing Project in Mamelodi.

Member of CANO (Professional support group for Church Aid in Need, Mamelodi) since 1993.

1991-1995: External consultant for the Development Bank of SA on Small Business Development programmes in Kwazulu and Bophuthatswana.

External examiner, various design courses, for the Department of Architecture, University of Pretoria, on an annual basis since 1989.

External examiner for final year design course, Product Development Department, Henry van de Velde Institute, Antwerpen (Belgium) in 1993.

1986 - 1988: Employed by the Development Bank of SA as architectural specialist on project teams responsible for various small business development programmes, commercial development projects and housing projects. Project leader of experimental projects and responsible for liaison with architectural departments of universities. Member of action teams (OPU) working on procedural guidelines for the project cycle, assignment programmes and appointment of project teams.

1983 -1984: Completed final year course in industrial design (Product Development) at NHIBS, Antwerpen, Belgium. Strong emphasis was placed on systematic design methodology and conceptualisation.

1973 - 1986: Lecturer at Department of Architecture, University of Pretoria. Responsible for courses in design, history of architecture and building technology. Concentrated on appropriate technology and low-cost design solutions.

1972 - 1973: Lecturer in Department of History of Art, Rand Afrikaans University.

Responsible for all courses on history of architecture and applied art.

1965 - 1971: Employed by Burg Doherty & Bryant while studying part-time for B.Arch degree at University of Pretoria
